TV NEWSREEL

By CARLOS MOCK

The Art Museum is coming to television. This means opportunity with a capital "O" for young artists around the country. In years past, it's been tough for up-and-coming painters, sculptors, etc., to find a place to show their creative efforts. But now, TV... is turning out to be the biggest and best museum ever devised. MORE PEOPLE get a chance to see... to learn about... to appreciate modern works of art through television.

TV stations across the country have learned that there's a lot of interest in fine art. And following the lead of the Museum of Modern Art (producers of Through the Modern Gate)... they're instituting shows which will display the works of young artists in every community. Not only will the paintings be shown... but demonstrations of work in progress will be given.

Just shows that the few snobs, who in the beginning made the prediction that TV would kill everything cultural... are having to eat a few salty words. Television is the BEST way to spread appreciation for the better things... to show our culture at its very best. You need a set in your home to take part in all these important activities.

Ask for TV Demonstration FREE Hope you'll come in soon and get acquainted with our TV set-up. We're here to give you the best in "Picture Power"... with RCA service in every detail, and you'll find guaranteed reception, when you depend on our expert technicians for service and installation. DREAM HOUSE FURNITURE COMPANY SECTION'S LEADING HOME FURNISHERS

Located on Your Right as You Enter Savannah From Statesboro, 2217 Bay St. Extension, Phone 312121. Shop Here to Furnish Your Home From Front to Back.

DO YOU LIVE IN A HOUSE? We are told that the difference between a house and a home depends upon the people who are the occupants. But, do those who make this assertion stop to think that there is no good reason why people depend upon their surroundings? Go into unkept poorly furnished rooms and see how long you keep your sunny disposition. It is indeed true that more than any other material thing... Furniture Makes the Home.

To make the house of this section into homes has always been a primary aim of Dream House Furniture Co. The owners have spared nothing to give every man and woman in this section an opportunity to have a lastingly, if not an elaborately furnished home.

It does not take a fortune to furnish a home. These enterprising businessmen can show you that there is no good reason why any ambitious person with a normal income should not live in a home attractively furnished in every detail. And what you want is here!

It is safe to assert that there are few stores in any landscape which have a larger stock from which to choose than Dream House Furniture Co.

Here you will find fine carpets, furniture by Drexel, equipment and appliances by Hotpoint, and mention only a few of the well known names who help to make better living in the home. If you are furnishing the whole house or just a room or two, you may rest assured that you will find the best quality at reasonable prices.

In this Review of Progress we take pleasure in referring our readers to Dream House Furniture Co. and advising them to visit this store when in Savannah.

He added that the DDT also has a lethal effect on the common house fly, and though the flies have proven to be able to build up a certain resistance to DDT, the chemical is still capable of killing off the majority of flies which may come in contact with it. "But it must be remembered that this is a malaria mosquito control program," he made plain.

This year's spraying program will include the use of another insecticide, called chlordane. It is being used for special spraying on window screens, screened porches, around baseboards and the like in kitchens. This is a more potent fly killer than DDT, but it is only used in cases where there is a three times the cost of DDT. "Chlordane works miracles in killing off roaches and ants," Dr. Lundquist said.

"This service can make life more comfortable for everyone and we hope that everyone in the county will take advantage of some part of the spraying program this summer. The county is offering it to you for your convenience, comfort and protection," he said.

Admission is free, and citizens of Statesboro and Bulloch county are invited.

Robert L. Manes of Statesboro, veteran farm trainee, is one of eight farmers of southeast Georgia to be rewarded for his efforts in building a year-round pasture program.

The award will be made at a luncheon at Furman Shools farm and power project near Milledgeville. It is offered by the Georgia Power Company in cooperation with the vocational agriculture division of the State Department of Education.

He stated that the judges will meet in his office on Tuesday afternoon, May 27, to make the selections.

Mrs. Turner E. Smith, the former Miss Lella Buncie of Bulloch county made the same awards last year. Beverly Brannen won the F.H.A. award and Barney Deal won the F.F.A. award.

Mrs. Smith, in setting up the awards, stated that she is interested in promoting a love of the land by the young people of Bulloch county and Georgia.

derman Wilson, Miss Ethel McDonald, who father was a minister, and Paul Thrasher, son of a minister who served here.

There may have been some differences in the grammar school but to remind them of the pleasures of school days were history and geography books which were served as the yearbook.

The Statesboro High School graduates of the Class of 1919 were brought to order by their president, Mrs. E. L. Akina (formerly Mary Allen) for their first reunion.

Mary presided and welcomed her fellow classmates. Responding to the welcome was Mrs. Sharon Paschall (Clara Leck DeLoach) of Columbia, S. C.

The menu brought back youthful appetites with roasted turkey with stuffing and giblet gravy, frozen fruit salad, creamy asparagus, peach pickles, celery, olives, hot rolls, tea and coffee. For dessert there was ice cream in Kilmarney rose mold served with pound cake.

Covers were laid for Mr. and Mrs. E. L. Akina (Mary Allen), Mrs. and Mrs. Shelton Paschall (Clara Leck DeLoach), Columbia, S. C.; Mr. and Mrs. E. W. Bush

Teachers present were Mrs. D. L. Desh, Miss Mary Lou Carmichael, and A. A. Waters of Sylva. A letter was read from their superintendent, R. M. Monts, who was unable to attend. Regrets came from Mrs. Barton Sewell (Martha Lester), Atlanta, and Cecil Martin of Miami, Fla. (Lucile Parker) of Florida did not attend. Frank Rushing furnished music throughout the evening.

DDT Spraying In County Underway

Dr. W. D. Lundquist, commissioner of health, Bulloch county, this week announced that the eighth annual DDT residual spray program in Bulloch county is now underway.

Summer weather is now here, which means that mosquitoes, both malaria and pest type, are on the wing. As warm weather progresses, so does the multiplication of these bothersome pests," he said.

He stated that this DDT residual spray program is certainly one of the important factors in the protection of homes and the health of the citizenry.

"Our physicians in Bulloch have not reported a case of bona fide malaria in several years now," he pointed out, "and we think that the disease is almost extinct as far as the civilian population is concerned."

SHS Band Presents Last Concert Of School Year

The Statesboro High School Band, holder of more superior ratings than any other band in the state, will present its final concert of the school year in the high school auditorium, Saturday afternoon, May 25, at 8 o'clock.

Bandmaster Guyton McLendon states the concert Sunday will be the best presented during the three years he has been directing the band. The program will include popular numbers, famous band numbers, overtures, and other selections.

Admission is free, and citizens of Statesboro and Bulloch county are invited.

Robert L. Manes of Statesboro, veteran farm trainee, is one of eight farmers of southeast Georgia to be rewarded for his efforts in building a year-round pasture program.

This Is Hat-Tossing Week

THIS WEEK is another hat-tossing week. First there's Charlie Robbins.

He is now president of the Georgia Junior Chamber of Commerce, that group of young men who are completely sold on Georgia and the communities in which there are local organizations.

This is an outstanding honor for a young businessman—and we congratulate Mr. Robbins and the members of the Statesboro Junior Chamber of Commerce—better known as the "Jaycees."

The new Jaycee president will focus the Georgia spotlight on Statesboro and its young people.

So we toss our hat high for Charlie Robbins and the Statesboro Jaycees.

Then, there's the Statesboro High School Band—setting a new record at the Georgia Band Festival in Milledgeville this year. Twenty-nine "superior" ratings, seven more than any previous year for the local band and more than any one band at any time since the inauguration of the festival.

That's something!

And we toss our hat high for Mr. Guyton McLendon and all the members of the Statesboro Band.

Then, there is Miss Nona Quinn.

Bringing music into the lives of every young 'un in our school here. Uncovering talent in youth not heretofore suspected. Combining voices to produce music to delight all. Developing individual voices capable of singing solos before large audiences.

That's something!

"Condition Red!"

"CONDITION RED!"

That's the way veterans of World War II in air raid times were warned of approaching enemy aircraft.

"Condition Red" in Statesboro.

Squadrons of mosquitoes are now operating over and in our community, harassing you and your family.

So set up a local defense and fight a delaying action.

The city, the county, and the state are trying to get together to draw up a county battle plan.

The city and county health authorities know the position of the enemy and have a plan of offensive which will practically rid our community of the winged enemy.

The health department believes that if they can succeed in getting assistance from the state in cleaning out a ditch which crosses the southern section of our community and runs beyond the septic tank back of Claude Howard's lumber mill and continues into the pond known as Rushing's Pond, the problem can be licked. The county is now working on that section of the ditch near Andersonville.

The city and county authorities take the position that the cost of cleaning out the ditch is too great for the city and county to attempt alone. They believe that with the help of the state it can be done.

Let's hope they get together.

The health and happiness of our community means too much for us to let a problem like this hang fire too long.

So keep your local defense up...

Help's a-coming—we hope.

Let's hope they get together.

The health and happiness of our community means too much for us to let a problem like this hang fire too long.

So keep your local defense up...

Help's a-coming—we hope.

Don't Be a Sucker

IT LOOKS and sounds like a good deal. But before you fall for it take a good look at it.

A man drives up in front of your home in a big truck. He rings your doorbell and you answer. He gives you a song and dance. Goes about like this:

"Lady your lawn looks like it needs some peat moss. Now I got some real stuff out here in the truck. Fine, it is. It's got nitrogen, and all the things your lawn needs to make it grow thick and green and pretty. And we'll put it out for you. No trouble to you at all."

You want to be sure about that business of the lawn going to grow thick, and fine, and green.

And he's so sure of it that you "bite."

You walk out to the truck and sure enough his peat moss looks like wonderful black, rich dirt, and you are hooked, line sinker, and all.

So you let him sprinkle a few bushel baskets full of the stuff over your lawn, as you visualize it beautiful and green this time next week.

And we toss our hat high for the wonderful work she is doing for the youth of Statesboro in our school. She deserves our commendation and support.

Then there's the Safety Award made to the City of Statesboro by the National Safety Council for "completing the year without a fatal motor vehicle traffic accident within the municipal limits."

That's something!

And we toss our hat high for the Statesboro Pilots.

Despite poor sportsmanship displayed by some local men who cannot stand to support a loser, the Pilots have been plugging away, losing game after game, but all the time trying, and gradually improving.

To stay in there fighting all the while, with the feeling that they're doing it by themselves, requires courage.

So we toss our hat high for the boys who are playing baseball on the Pilots team. We know that they're doing their best, and then, after all, there's more to baseball than just winning a game.

Then there's the Wilbur Waters, Future Farmer of America of the Register High School, whose purebred Hampshire sow won the reserve championship at the Sears Foundation purebred hog show in Savannah recently.

So we toss our hat high into the air for F.F.A. Wilbur Waters and his vocational agriculture teacher, O. E. Gay, for showing one of the best hogs in this large show.

That's something!

And you pay. It was a lot more than you figured when he was telling you about it. But you pay him, ten, fifteen, twenty dollars.

Well, you got gypped, but good!

Peat moss is not a fertilizer. It's just a mulch. It has absolutely no fertilizer value. It's fine for your lawn and flowers.

And you can buy it from a local reliable dealer by the truck load at a reasonable price. Or you can get a truck and go over to Sylvania and haul it away "cheap as dirt."

Don't be a sucker.

A Worthy Award

THE MOST OUTSTANDING Future Farmer of America in Bulloch County will be recognized again this year.

The most outstanding Future Home-maker of America in Bulloch county will be recognized again this year.

Last year Mrs. Turner E. Smith (Miss Leila Buncie) of Atlanta, awarded \$50 to Barney Deal, selected as the most outstanding F. F. A. boy in the county, and \$50 to Beverley Brannen as the most outstanding F. F. A. girl in the county.

The awards were made in the name of Turner E. Smith Company, publishers of text books on southern agriculture.

The award will be made again this year. It's one worthy of effort, and one to which every F.F.A. boy and every F.F.A. girl proudly aspires.

We commend Mrs. Smith on her continued interest in the youth of her home county, and her devotion to it as part of Georgia.

New Type Traffic Light

A NEW TYPE of traffic stoplight is being used in Virginia.

We'd like to see it in operation here. When a car approaches a danger point along the highway or street—a bad crossing, a dangerous curve—it passes over a mechanical device which records the speed of the car. If it is traveling to fast for safety, an electrical impulse is sent ahead to a stoplight which immediately and automatically turns red compelling the speeder to stop if he doesn't want to crash a red light.

One of these new type stoplights has been installed on a particularly dangerous curve near the famous Natural Bridge, where 12 persons have been killed in highway accidents in the past 10 years. This demonstration is expected to determine the value of this new type traffic control. Right now the cost in dollars and cents for the light is high and limits the use of it to the most dangerous locations.

But the cost of the light is small when compared to the cost of life and property which piles up hour after hour, day after day, year after year.

SO, YOU CAN'T TAKE IT? When the Pilots are losing a game, we mean.

You gotta win, you think, and when the boys are not winning you take it as a personal affront and you give them a rough time.

Oh, sure, we know that it's a part of the game, your privilege to lose, or draw, or encourage them. And you'll see a difference in the brand of ball they play.

It's simply good sportsmanship, and reflects with credit upon our community. Try it next game.

WE SELECT A QUEEN

The other two made by the front, Roger, Albert and we. A queen to be selected, and all three queens.

We did. And made everybody happy. The Glenville Chamber of Commerce prepared us for the ordeal with a steak supper.

We found that J. G. Altman has lost himself at home in Glenville. And since the queen we selected is a Glenville high school student we preserved the friendly relations between that community and Statesboro.

Remember, we got into the league late. We're doing all right. Chuck Quilley's doing a good job.

ALL'S FAIR By Jane

Mother's Day has come and gone—graduation days ahead. Swimming pool is opening up, and wedding vows to be read.

And that's just as it should be—always something doing. The devil and his cohorts must go somewhere else for brewing their evil plans. Children here are busy at the Recreation Center.

Or helping send the flower beds that lay dormant all through winter. And when it comes to flowers, most every yard in town is a bit of blooming beauty that will chase away that frown.

For there's gladness in a climbing rose and joy in every daisy. When compounded with sunshine's gold makes us all plum lazy.

We stay late a ball game and yell ourselves hoarse. We get up late for breakfast; at dinner take a second course. Everything even up—joy, sorrow, play, and work.

Just keep on forging ahead, and never, never shrink.

THEY SAY that Southern homes are built with a guest list in mind. I had been thinking how spacious the living room-dining room appeared when suddenly I knew why.

In front of the living room fireplace and extending to the Provincial sofa lay a beautiful oval hooked rug which laid the ground for the color scheme while everywhere else you saw the glowing expanse of thoroughly-sanded, lovingly waxed hardwood floors. And I loved it. At the windows were draw draperies in exquisite floral patterns on moleskin textured fabric.

Suddenly I remembered the maid and the vacuum cleaner and I realized it wasn't exactly nice of me to spend the day, so I reluctantly got up, and I'm glad I did. For Eunice's bedroom was a dream of ruffled androgynous curtains accenting the rich burgundy walls. Here again was the polished floor with white scuffed rugs; the mahogany poster bed with a George Washington spread. From there I reached Sue's room. The first

thing that I saw and almost coveted was her bed, blonde and pretty with a library bed board. Oh, I loved it! Sue's was neatly arranged with her dolls, comic books and other children's books. I shuddered though when I recalled that my own bed with a head like that, it wouldn't be a doll but maybe a dictionary heavy enough to knock me out cold, along with all the Gone With the Wind size books I seem to collect. With all the stuff I kept cluttered around me, Sue's bed was covered neatly with a panel of quilted glazed chintz in chartreuse and light rose to match the walls in her room, while side panels, taffeta, quilted, extended to form bouffant dust ruffles at the sides.

The braided rug made by her late Grandmother Wilson had set the gold chartreuse and rose color scheme for Sue's room. The bath-rooms, one in burgundy and gray and the other, well I forgot, but it opened from the den and was lovely. The den was strictly formal. Sue's piano, a sofa, comfortable chairs with the exception of one, an antique, the kind where the back folds over and makes a table. Here all the used and convenient things were kept. Like radios and maps, your favorite books, etc. We sat at the kitchen table and had a Coca-Cola and cheese straws (good, too!). style. Members of the immediate family present were his sister, Mrs. D. Todd, and her husband, Mr. and Mrs. Adie N. Darden of Albany and her father, Mr. Ben Godley of Kingsland; Mr. and Mrs. Leon Darden of Statesboro; and other members of his family; Mr. and Mrs. A. W. Evans of Soperton, an other niece and each family group brought a basket dinner.

On Sunday, Mr. and Mrs. E. L. Akina entertained Mrs. Akina's brothers and sisters at a turkey dinner at their home. The table had a centerpiece of Easter lilies and gladioli.

Covers were laid for Mr. and Mrs. Horace Deal, Mr. and Mrs. Nattie Allen, Mr. and Mrs. Agnes Traynall, Mr. and Mrs. James Allen, Mr. and Mrs. Hudson Allen, Mr. and Mrs. George King, Misses Sally and Penny Allen, Zack Allen, Mr. and Mrs. Adams and sons, Lowell and Bucky. The only member of the family absent was Mrs. Paul Carpenter of Putney, Georgia.

EMORY SIGMA CHIS ENJOY PARTY—STATSBORO, MAY 17. On Saturday evening, Miss Virginia Lee Floyd, a sophomore at Agnes Scott and Emory's "Sweetheart of Sigma Chi," entertained her friends and guests at a party at her home.

Those serving punch, nuts, and mints were Misses Betty Hart, Maynette May, Betty Anne Bell, Edith Chalkley, Trudie Priddy, Mildred Speer, Ann Altman, Ted Leggett, Joan Bennett, Sara J. Harnall, Mary Elizabeth Donaldson, Doloris Turner, Martha Wood, Gwen Williams, Joanne Patterson, Dinnae Waters, Opal Tye, Beth Wimberly, Betty Sherman, Peggy Dobbs, Anita Daniels, and Margie Jackson.

Furnishing music were Misses Faye Lumsford, Patricia Meeks, and Margie Jackson, pianists, and vocal selections by Gene Roberts and Bill Fox.

Those invited were all the Statesboro girls who had ever lived with Miss Veazey and her husband; members of the faculty and their husbands or wives. Two hundred responded to the invitation.

Miss Veazey, who has visited in Statesboro.

The dancers were very enthusiastic about Emma Kelly's playing and enjoyed Lucile's songs and drum along with the dance music.

A professional caller for square dances in Atlanta called the boys and girls trying with the music.

The real star of the evening proved to be Helen Waters. Called to dance, she soon had the floor to herself, and the complete attention of all the guests.

She did the hula-hula and Boogie-Woogie with such rhythm and a sort of Betty Hutton pep that the applause was deafening following her number. Just like her mother, Mrs. Waters, she said she should have had her costume.

SPRING BIRTHDAY DINNER HONORS MRS. WALEY LEE
Mrs. Waley Lee, whose birthday is May 23, was honored on Sunday with a surprise birthday party in advance.

Explorers of Post 40 visited the Bulloch County Fire Protection Unit on April 29, as the first of a series of training trips.

TO THE PEOPLE OF BULLOCH COUNTY

I want the people of this county to know how very much I appreciate the nomination for judge for another term; and how glad I am that Bulloch county gave me such a splendid vote of confidence. Just as long as I am judge I shall endeavor to be fair and impartial in every matter that comes in to my court.

Sincerely, J. L. RENFROE.

TO THE VOTERS OF THE 129TH G.M. DISTRICT

I hereby announce my candidacy for the office of Justice of the Peace of the 129th District of Bulloch County, Georgia. The election is to be held May 31st, 1952.

Your vote and support in my behalf will be appreciated.

Respectfully submitted, W. CLAYTON DELOACH.

LET US DEMONSTRATE TELEVISION FOR YOU THE EXACT WAY. THEN YOU'LL KNOW THERE IS NO GUESSEWORK.

NO OBLIGATION TO BUY—Our new Alproco Erec-Tower shows you how fine television can be in your home. Our portable tower makes a demonstration easy—fast—no climbing on your roof or defacing your lawn and flower beds. Let us prove that you, too, can enjoy television. Many who previously believed the location of their home was unsuited for reception are amazed to learn that a properly located antenna solves their problems.

AS A SERVICE TO OUR CUSTOMERS, we have added to our equipment an "ALPROCO PORTABLE EREC-TOWER", mounted on a small trailer. With it we can drive to your home and within minutes erect a TV tower and antenna beside your home (not on the roof). We can locate it on the EXACT SPOT, and raise it to the EXACT HEIGHT (which is determined by a "signal strength meter," which records microvolt readings). In this way we can prove to you in a very short time how fine television can be right in your own home.

YOU ARE INVITED TO CALL US ANYTIME. The service costs you nothing, and you are under no obligation.

Rural Phone Line Needs 175 More Members at \$10

The official approval of the rural telephone application for Bulloch county calls for 175 more members than the 500 that have been added since the application was filed with REA more than a year ago.

At a meeting of the board of directors of the Bulloch County Rural Telephone Cooperative, Monday, the group voted to invite the people from the Brooklet community, now being served by the Brooklet Telephone Company, to join the organization. No effort has been made to enroll this group, even though the cooperative has tentatively purchased the existing telephone company.

The group in the West Side toward Brooklet is also invited to join to help make up this needed 175 more members to procure the REA loan.

The other subscriber-owned switching lines will be enrolled prior to starting the work on the lines. This last group traded with the cooperative on the basis of a share of equity in the new system for the existing lines.

Practically all the other requirements for the loan of \$445,000, to be used for the purpose of improving telephone service in Brooklet and Portland and building 350 miles of new pole line and cable facilities and three unattended dial central offices, installing dial telephone and providing working telephone service.

The directors asked the cooperative's attorney, Wm. J. Neville, to spend Tuesday and Wednesday in Atlanta with the Public Service Commission and the engineers preparing the data details needed to get the cooperative actually into operation.

REA is asking for \$45 per station equity eventually on the Bulloch county lines, and is suggesting residence rates for one party, \$4.00 for two party lines, \$3.50 for four party lines, \$3.75 for multi-party lines, and \$1 for extension.

Values suggested are from \$1 to \$1.50 per station higher than the suggested residence rates.

The directors are anxious to include those that want service through the cooperative on the first contract if possible.

C of C Delegation Goes to Atlanta
 Jim Hays, secretary-manager of the Statesboro and Bulloch County Chamber of Commerce, Charlie Robbins, president of the Junior Chamber of Commerce, Joe Neville, president of the Statesboro Chamber of Commerce, and Bob Mikel, president of the Bulloch County Farm Bureau, and F. C. Parker, Jr., are in Atlanta today attending a "workshop" meeting of the Georgia Chamber of Commerce.

Tonight they will attend a banquet at the Atlanta-Biltmore Hotel, tomorrow will take part in "shop talk" on agriculture, industry, tourist, and business. They will see the new movie, made under the sponsorship of the Georgia Chamber of Commerce, entitled, "Georgia, The Empire State of the South."

The Sunday evening service will be held at 8 o'clock. Bible study will be at 1:15 a.m. and Youth Fellowship at 7 p. m.

MISS ANN CASON OF WEST SIDE FB IS NAMED BULLOCH FARM BUREAU QUEEN
 Miss Ann Cason, representing the West side Farm Bureau, was named Bulloch County Farm Bureau queen Friday.

Miss Billie Jane Foss, representing Warnock Farm Bureau, was runner-up in the contest. She represented eight chapters of the county.

Levia Hendrix, Brooklet's talent queen, sang his way to first place in this activity and will go along with Miss Cason to compete in the district event at Claxton June 10.

Mrs. Ota Groover won the Home Demonstration Club style revue for the members and little Eugenia Smith, daughter of Mr. and Mrs. W. H. Smith Jr., took top honors for the pre-school group.

Douglas Cartee, Middleboro talent entry, was named alternate to Lewis.

Judges for the talent and queen contest were Mrs. John Erickson, Mrs. Morris A. King and Mrs. H. L. Ashmore. Mrs. Dan C. Lee, county associated women president, was in charge of this part of the program Friday.

Mrs. Margaret Strahlman, head of the home economics division of the Georgia Teachers College, and Georgia Teachers College, and Miss Betty Parrish, Mildred Spier, Sud Wynn and Evelyn Hart, served as judges for the style revue. Mrs. J. B. Brannen, president of the home demonstration council, was in charge of the program.

TC Alumni To Dedicate East Gate; E.V. Hollis Speaks Monday

STATESBORO, GEORGIA, THURSDAY, MAY 29, 1952

NUMBER 30

109 Get Diplomas At College Monday

The Alumni Association will dedicate an east campus entrance as a memorial to Dr. Charles H. Herty, and the first president of the college will give the baccalaureate address in the commencement at Georgia Teachers College.

Exercises in tribute to Dr. Herty will take place at 11:30 a. m. Saturday, May 31, near the college site where the famous Milledgeville chemist perfected the first cup and gutter for the collection of gum turpentine.

A new brick gate, costing \$1,800 and paid for by the alumni, will bear a plaque to be unveiled in testimony to Dr. Herty's work. The frame of the first tree on which a Herty Cup was placed, the "Herty Pine," will be sunk in the ground below the tablet.

The dedication will be the highlight of a schedule ending with graduation exercises at 10:30 a. m. Monday, June 2, in which Dr. Ernest V. Hollis will be the speaker.

Dr. Hollis, chief of College Administration in the Office of Education, Federal Security Agency, Washington, D. C., was president of the college from 1920 to 1926 when it was the First District Agricultural and Mechanical School and then Georgia Normal School. He was at the helm when the institution, chartered in 1868, actually became a college.

The Alumni Day Saturday is the last one to be planned by Dr. Marvin S. Pittman, president emeritus, retiring after five years as director of extension and alumni activities. The program will include reunions for the classes of 1932, 1937, 1942, and 1947, induction of the Senior Class into the Alumni Association, a lunch, banquet, and dance.

Mrs. Henry J. McCormick of Statesboro, Alumni Association president, will present the Herty memorial to the college, and President Zach S. Henderson will preside. The plaque was given to the college in 1935 by the late Mrs. M. E. Judd of Dalton. It bears the inscription:

"On this tree on July 20, 1901, the first cup and gutter for collecting gum turpentine was placed by Dr. Charles H. Herty and his assistant, Frank Klapp. Here began a revolution in the naval stores industry."

LANTERN WALK
 Seniors will perform their annual Lantern Walk, in which they tour a darkened campus to reflect on college experiences, Sunday night, June 1, at 9:30 o'clock. The parade will start at 9:30 a. m. Sunday, June 1, by the Rev. Marion Bradburn.

NEVILLS SENIOR CLASS AT DAYTONA BEACH
 The Nevills Senior Class spent a very enjoyable week at Daytona Beach the week of May 10 through May 17.

Mr. Hays pointed out that the city collected \$19,839.50 for 1952 business licenses.

It was explained that beginning next year the increase in the license fee will be turned over to the Bulloch County Development Corporation, which in turn will issue to each businessman participating, shares of common stock at the par value of \$10 per share.

It is anticipated that the new corporation will borrow approximately \$75,000 with which to erect a building 100 feet by 200 feet on property at the airport to be deeded to the corporation by the city and county. The \$75,000 loan will be paid from the money secured by the 100 percent increase in the license fees over the four-year period.

Mr. Hays revealed that an agreement has been reached with an industry to move to Statesboro and occupy the building as planned. The final decision is in the hands of the stockholders of the industry whose home office is in Paducah, Ky. The decision will be known on June 7.

Statesboro Given Safety Award
 Announcement was made last week by the National Safety Council that Statesboro had a 100 percent safety record for 1951 and had been awarded the "Green Cross for Safety" for the year.

The award was displayed by Police Chief Henry Anderson. The framed, glass-covered certificate reads:

"The courtesy extended to our group shows a reassuring measure of goodwill already existing between the members of our respective communities and convinces us that our efforts in the furtherance of strengthening of those good relations will not go unrewarded."

is the way Cliff Davenport, executive director of the Savannah Chamber of Commerce, expressed his feelings after a visit of six Statesboro's leading businessmen to Savannah on Friday, May 16.

Included in the group who made the neighborly visit with Mr. Davenport were Stephen K. Myers, secretary of the Savannah Chamber of Commerce; William Hall, manager of S. H. Kress Company; Jack Levy, president of Levy Jewelers; Ben Anderson, assistant vice president of the Liberty National Bank and Trust Company; and Edward Mackin, staff assistant of

the Savannah Chamber of Commerce.

While in Statesboro our neighbors visited Dr. B. Turner of the Bulloch Times; Leola Coleman of The Bulloch Herald; Dr. John Mooney, president of the Statesboro Rotary Club; Al Sutherland, president of the Statesboro Lions Club; Loy Waters, vice president of the local Chamber of Commerce; and officials of the Beulah Bank and the Bulloch County Bank.

At each visit conversation included small talk about relative numbers of Statesboro and Statesboro, the number of Bulloch county people who now live in Savannah and form part of the "backbone" of that community.

Jim Hays, secretary-manager of the Statesboro and Bulloch County Chamber of Commerce, accompanied the group on their call.

AWARD WINNERS—Four students recognized in annual Honors Day exercises at Georgia Teachers College of Greenville, Ala., who were, left to right: Miss Anne Trice of Greenville, Ala.; Miss Joanne Groover of the Statesboro Music Club Award; Miss Joanne Groover of the Statesboro Music Club Award; and Miss Edith Carpenter of Trifon, recipient of the Alpha Psi Omega Award for her contribution to dramatics. Graduation At Stilson Set Up
 Twenty Stilson High School seniors will receive diplomas at graduation exercises at the Stilson school auditorium Monday evening, June 2, at 8:30 o'clock, according to S. A. Driggers, principal. The graduation will be the last one to be planned by Dr. Marvin S. Pittman, president emeritus, retiring after five years as director of extension and alumni activities. The program will include reunions for the classes of 1932, 1937, 1942, and 1947, induction of the Senior Class into the Alumni Association, a lunch, banquet, and dance.

Mrs. Henry J. McCormick of Statesboro, Alumni Association president, will present the Herty memorial to the college, and President Zach S. Henderson will preside. The plaque was given to the college in 1935 by the late Mrs. M. E. Judd of Dalton. It bears the inscription:

"On this tree on July 20, 1901, the first cup and gutter for collecting gum turpentine was placed by Dr. Charles H. Herty and his assistant, Frank Klapp. Here began a revolution in the naval stores industry."
